*In Loving Memory of
Diane Estelle Littlepage*

FOOTPRINTS

*One night a man had a dream. He dreamed he was walking
Along the beach with the Lord. Across the sky flashed scenes
From his life. For each scene, he noticed two sets of footprints
In the sand; one belonging to him and the other to the Lord.*

*When the last scene of his life flashed before him he looked
Back at the footprints in the sand. He noticed that many times
Along the path of his life there was only one set of footprints.
He also noticed that it happened at the very lowest and saddest
Times of his life. This really bothered him and he questioned
The Lord about it. "Lord, you said that once I decided to
Follow you, you'd walk with me all the way. But I have
Noticed that during the most troublesome times in my life,
There is only one set of footprints. I don't understand why
When I needed you most you would leave me."*

*The Lord replied, "My precious, precious child, I love you and
I would never leave you. During your times of trial and
Suffering, when you see only one set of footprints, it was then
That I carried you.*

We are very proud of you. You have been such a blessing to our lives. Always remember Jeremiah 29:11. We love you. Mom & Dad

Thank you Laser Systems and Repair, Inc. for donating the extra funding so this year's fabulous digitally produced color yearbook could have a great hard-back cover. Thanks, again, for making this dream possible.

The Yearbook 2000 project has been an exciting challenge. The student Yearook staff learned many new computer programs and the value of teamwork. When the Love Bug Virus hit our systems, students reached inside, recommitted to the project, and spent many long hours during and after school in order to finish this yearbook. As classroom teacher, I am proud of their efforts, commitment, and product. I would also like to thank the many staff members who assisted and cooperated with this project.

Good Bye Seniors...Hello Freshman!
